ABOUT GIANNINO LONDON

Since 1899, Giannino has reigned as one of Milan's finest historical restaurants. Now, as an Italian restaurant in Mayfair, it brings the same level of distinction to London. Founded with a distinct vision, it presents creative and international dishes, always rooted in the rich Italian and, even more specifically, Milanese culinary tradition.

Step inside and you'll be greeted by an atmosphere that's both elegant and refined, with a keen eye for detail. Luxurious touches seamlessly blended with modern flourishes: rich walnut panelling, gleaming brushed brass accents, designer chandeliers, and fabrics adorned with turn-of-the-century geometric patterns — a true Milanese institution now among the finest Mayfair has to offer.

THE DRINKS

A refined bar experience complements the cuisine, with a curated selection of Italian and international spirits and distillates.

Classic cocktails and signatures — our own interpretations of spritzes and timeless favourites — can be found on the menu, alongside a carefully selected range of wines from Italy and beyond.
